**Fit Fact:** Veggies in space? You bet! One astronaut, Timothy J. Creamer, was a vegetarian. That means that he didn't eat things like hot dogs while floating in space!

**Veggie Math!**

Can you solve the veggie problems below?

**A-maize-ing!**  
The average ear of corn has 800 kernels, arranged in 16 rows.

**You call those carrots?**  
Carrots 3,000 years ago were white, purple and yellow!
